

FLEXIBLE & SUSTAINABILITY

Vertical Form Fill & Seal Machine

BENEFITS

- Efficiency –Streamline the form-fill-seal process, significantly increasing productivity and reducing downtime.
- Versatile Packaging Solutions–Various package formats like pillow bag/gusseted bag
- Superior Seal Quality – Creates strong, airtight seals that protect your products from contamination, moisture, and external factors
- High Configuration: PLC Control With Touch Screen, Easy to Operation, Servo Driver For Film Pulling System
- Precision Sealing and Packing – High bag opening effective and low failure rate
- Safety– Safety features to protect both operators and products.

MARKET APPLICATIONS

- Non-food such as Bolt,Screw,Nail and other hardware
- Granule such as Snack Foods, Nuts and Seeds
- Powder such as Spice,Flour and coffee
- Liquid such as Tomato Sauce,Honey and detergent

PROPERTIES

	LTC320V/LTC420V/LTC520V/LTC720V/LTC1050V
Packing range	W:85-400mm L:60mm-500mm
Film width	320mm/420mm/520mm/720mm/1050mm
Capacity	35-60bags/min for different material and bag
Air consumption	0.8Mpa 0.3m3/min-0.8m3/min
Total height&Power supply	2.54-3.955m, AC380V 50hz3P

STRUCTURE

PRODUCT DESCRIPTION

The Lintyco™ Vertical Form-Fill-Seal (VFFS) packing machine, a revolutionary solution that takes your packaging process to new heights. Designed to optimize efficiency and deliver exceptional results, this advanced machine offers unmatched performance and versatility for your packaging needs.

VFFS machines are ideal for snacks, liquid food, pet treats and more.

Contact us to discuss solutions for your high-speed pouch line needs..

PACKAGING FORMATS

- Quad Seal bag
- 3 side seal bag/4 side seal bag
- Back seal bag/Pillow bag
- Flat bottom bag
